## DETAILED ACTION

### *Allowable Subject Matter*

Claim 1-3, 7-9, and 11-19 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or otherwise suggest a bearing arrangement comprising two coaxial bearing assemblies, said assemblies comprising a male part acceptable into a female recess or aperture wherein the male and female parts are in relative sliding rotation with respect to one another at discrete points about their respective inner and outer circumferences such that the point sliding contacts of the respective assemblies are coplanar, and wherein at least one of the assemblies allows resilient displacement of its contact plane in a direction parallel to the axis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
